5th Month 6009

Update from Michael Rood

Shalom Torah Fans,

Harsh realities can become inspired revelations. The cold hard facts: I cannot get on a plane to go home to Israel. I cannot walk 100 yards without inducing inflammation that will have me back on crutches or in a wheelchair. I cannot stand to lecture. I cannot sit at my desk. People pray for me and I remain frustratingly crippled. So, what can I do to fulfill my mission when it appears that I am falling apart at the seams? My only option became the answer that I was too busy to see.

“Colonel” Klump (Torah Defense Force) loaded two computers and a printer into the van and I headed for Phil and Linda “Kosher” Bacon’s home near Grand Ledge, Michigan. Many of you met both Phil and Linda as phone ministers this past year. I propped my feet up on a piano bench as Phil and Linda arranged their living room to accommodate two six-foot banquet tables as our makeshift desks. We began a three-week project to finalize my three-decade quest to produce ***The Chronological Gospels: The Seventy Week Ministry of Messiah***.

Three screens simultaneously displayed four computer programs and dozens of Adobe Illustrator, Excel, Word, and Bible Works files as we cross-checked each program and document with the 248 individually recorded incidents in the Messiah’s life and ministry. A plethora of research materials in Hebrew, Aramaic, Greek, and English decorated our makeshift desks. We laboriously finalized the footnotes that answered every apparent contradiction that had stumped Gentile scholars for the past two millennia as they compromised the Gospel of the Kingdom to meld with their denominational dogmas and pagan proclivities. Twelve to fourteen hour days left us mentally exhausted. Each day I ate a rarified diet of fresh blueberries and cherries and drank a half bottle of Mona Vie nutritional drink while Phil and Linda ducked into the kitchen to wolf down a quick sandwich between chapters. At the end of July we hit the “print” button and out came nearly a ream of paper detailing the life and ministry of Yahshua – which included every word of Matthew, Mark, Luke, John, the Acts of the Apostles, and the Revelation of Yahshua Messiah – **all in seamless chronological order**.

This has **never** been accomplished in the history of the transmission of the Holy Writ. Every apparent contradiction has now been solved. Answers which took me over three decades to find have now been documented by footnotes that often dwarf the original KJV text, which has now been transformed into the CKJV (Corrected King James Version). My daughter Sara, a brilliant teacher in her own right and one of my four finest constructive critics, is begging for the next chapter of the manuscript to be sent to her. She says that after a lifetime of hearing my teachings and her own personal study of the Scriptures, this is the most amazing Biblical adventure of her life. She is the first one who has the opportunity of reading the manuscript, which I hope to have in the hands of my publishers (Bridge-Logos) at the beginning of September. I am anxious to have it in your hands as quickly as possible.

I had to cancel my ministry trips to Costa Rica, Argentina, Alaska, and several stops in the US in order to diligently work on my health issues. I postponed a weekend event in Chattanooga until August when one of our extended Rood Crew members flew to Michigan to drive me in the ministry van to Dalton Georgia while I kept my feet elevated during the entire trip. On Shabbat we had over 300 people present for the relaxed seminar setting in the Dalton Convention Center. I sat on a stool the entire 5 hours and coached the audience to shout, “sit down Rood!” anytime the excitement of the moment caused me to rise from my chair. It worked! I survived the first day without the usual crippling that I had been contracting over the last few months. The next day we had over 500 people present as I taught and answered personal and group questions for over 7 hours before doing a Mikveh for about thirty people after the close of the Seminar. It was an absolute hoot of hydrophilic proportions.

Those who join me for the Feast of Tabernacles in either Portland Oregon (October 4 - 6) or Dallas Texas (October 9 - 12) will get to study the giant 14 foot Messianic Ministry proof chart firsthand and hear the details of my latest two teachings: **Newton's Last Dilemma: The Seventy Week Prophecy of Daniel** and **The Gospel of the Kingdom: No Pharisee Leaven – No Papal Bull**. I am joyfully anticipating being with you around the campfires and kicking back in our lawn chairs as we enjoy at least one last rehearsal in America before big chunks of flaming brimstone hit the fan. Call the office and watch the website for details on how to register your family for one of these two events.

I must regrettably confess that I can no longer endure many of the physical hardships of the ministry work myself. I need the help of all of you to keep going. I have continued to tread out the corn whether I was muzzled or not. Now we are seeing the results, as well as the repercussions, of running on adrenaline and sheer willpower for years. I need your help to continue putting materials on the air and into your hands as we both continue to reach out to the world. Our finest hour is still in front of us. So, in the midst of economic strife, I am asking you to continue to share your tithes and offerings with this ministry. I may not be able to push the barges and tote the bales of my younger years, but I can keep my feet on piano benches and articulate the revelations into books if you will be a patron of the cause and commit a tithe of your endeavors. Help me get the unleavened Gospel of the Kingdom out to the world. We are talking with Sky Angel about going back on their network to reach more hungry souls with the unleavened Word of Truth. I need you to stand with me in this endeavor.

All who give of their tithes or give a special offering this month will receive the extended Sabbath teaching I delivered on August 1st in Georgia. Thank you for standing with me (while I remain seated). I need to keep our staff fed so that they can help me do the work that I have neither the talent nor strength to do on my own. You are sowing seed into an eternal account and I accept the sobering responsibility of stewarding your sacrificial offerings.

“And we know that all things work together for good to those who love Yahweh and are called according to His purpose.” (Romans 8:28) If my health had allowed me to be on my proposed tour schedule this summer, the **Chronological Gospels** would still be a dream just beyond the grasp of physical reality. Everything that I have taught concerning the legitimacy of the Torah, the prophetic realities of the Feasts of the LORD, and the veracity of the Creator's Calendar, all culminate in the pinnacle expression of the Messiahs' life and ministry. The Gospel of the Kingdom, the narrow and largely unsought gate that leads to eternal life, is now clearly elucidated in the pages of **The Chronological Gospels: The Life and Seventy Week Ministry of Messiah**. With your help, in just a few months time, you and I could be holding a leather bound, gold edged copy of the world's most profound resource to help mankind see the REAL Messiah.

Pressing on until the smoke clears...
